

# PERKOPOWER™

The Third Generation Concealed Door Closer

NEW

## THE DOOR CLOSER IS HIDDEN

## THE BENEFITS ARE CLEAR

It's difficult to show you the benefits that something gives you when it is hidden from sight, but when you choose the PERKO POWER™ concealed door closer for your projects, the benefits will become very clear.

The PERKO POWER™ door closer fits between the door and the door jamb, so it is totally concealed when the door is closed. The PERKO POWER™ door closer gives you the capability to incorporate great-looking fire and access doors into your projects without worrying about the aesthetics being ruined by unsightly door closer boxes.

PERKO POWER™ is engineered to the most exacting standards of performance and quality, and has successfully undergone rigorous testing to assure you of its credentials and durability.

PERKO POWER™ meets all relevant UL and ANSI standards, is maintenance-free and carries a 10-year guarantee.

To find out more, including a host of other 'hidden benefits' that concealment gives you, visit the PERKO POWER™ website or call us for specification advice.
