Design Director  
Cultural/Educational Studio,  
FXFowle  
New York City

■ **PRODUCT:** What I like about zinc—for roofing, siding, interiors—is that it lasts forever and it's almost harmless to the environment.

■ **PRACTICE:** I like to look at any project as an opportunity to reinvent the type, rather than follow patterns.

■ **PERSONAL:** I like to combine my two loves: reading and travel.

INTERIOR FINISHES, FURNISHINGS
