VINYL WINDOWS IN DURABLE COLORS

\$\$ | NEW

JELD-WEN® Windows and Doors

▲ Vinyl windows and patio doors are now available in multiple colors. EverTone is a painting process that combines intense heat and pressure to produce a singular molecular structure that bonds with the material, resulting in maximum long-term color and gloss.

Performance Data:

- EverTone is created by combining over 25 ingredients under high pressure and heat.
- Produces a coating that aligns with the molecules of the substrate material to create a bond that is based on cohesion, not adhesion.
