ARCHITECTS' CORNER

CHAD OPPENHEIM, AIA, NCARB

Principal
Oppenheim Architecture + Design
Miami

■ **PRODUCT:** By sourcing materials locally, we try to connect the design to the land, organically.

■ **PRACTICE:** I'm working on an island project called "Isla Moda" – off the grid and completely sustainable. It's like building a boat.

■ **PERSONAL:** We take our six-month-old son exploring, and try to inspire him with natural wonders.

INTERIOR FINISHES, FURNISHINGS

AUTOMATED SEATING SYSTEM

Figueras Seating USA

▲ A world-leading manufacturer of custom-designed seating solutions has introduced a revolutionary, new concept in multi-use technology: an automated, movable system so advanced it allows facility managers to use a single space as a conference room, theater, auditorium, banquet hall or even a completely unobstructed open space for special events. The Mutaflex seating concept from Figueras International Seating delivers nearly unparalleled versatility, helping to improve profitability and reduce dormant space.
