TIN CEILING ADDS CHARM & ACOUSTICS

G | NEW

Armstrong Ceiling Systems

▲ MetalWorks™ Tin ceilings add the charm of stamped metal to a space, as well as improve its acoustics.

Performance Data:

- Only tin panels extra-microperforated for acoustical performance
- When backed with fiberglass infill, perforations allow panels to achieve NRC of 0.80
- Only tegular tin panels designed for use in 9/16-in. grid systems
- Combination of panel's reveal edge and grid's thin profile reduces visibility of suspension system
