

INTRODUCING TOTAL CONTROL WITH THE NEW

# DODGE DocuPro™

What if everyone on your team could see project information exactly as you do?  
What if outdated versions just couldn't slip through?

You'd be in Total Control—with all project data captured, aggregated, organized, and stored in a single, secure hub, accessible any time and anywhere. So from design to completion, you'd control the documents instead of the documents controlling you.

## EXPERIENCE THE TOTAL CONFIDENCE OF TOTAL CONTROL

### Reduce Risk, Ensure Compliance

Organize latest-version project information from multiple sources onto a single, secure hub for distribution to your team

### Increase Efficiency, Manage Workflow

An easy-to-use solution that integrates up-to-date information into each phase of a project to facilitate bidding, standard prequalification, submittals, and close outs

### Ensure Efficient Document Distribution

Cloud hosting ensures a state-of-the-art, scalable environment that all team members can easily access and collaborate on

### Evaluate and Build Your Team Of Qualified Subcontractors

Instantly connect with a robust directory of firms and contacts, sourced from the Dodge Network and appended with your own firms and contacts

## TAKE CONTROL TODAY.

Contact your account manager or request a free consultation and ROI analysis by calling **855-237-4413**. Or visit [www.DodgeDocuPro.com](http://www.DodgeDocuPro.com).

**Control the Documents. Control the Project.**
